1. EXECUTIVE PROGRAM OVERVIEW

Our online Digital Marketing training and placement program is fully job-oriented and includes real-time project work for hands-on learning. Learn how digital channels work together to drive traffic, generate qualified leads, scale revenues, and optimize ROI using industry-standard tools.

TOOLS & TECHNOLOGIES STACK:

GOOGLE ADS | META ADS | SEMRUSH | GA4 ANALYTICS | HUBSPOT | CANVA | AHREFS | MAILCHIMP | GOOGLE SEARCH CONSOLE

2. MODULAR SYLLABUS BREAKDOWN

MODULE 01 Digital Ecosystem & Marketing Strategy Fundamentals — 2 Weeks

- Digital marketing landscape, buyer personas, customer journeys
- Full-funnel marketing strategies (TOFU, MOFU, BOFU)
- Competitive benchmarking and digital marketing roadmap planning
- Brand positioning, value propositions, and channel selection

Lab Milestone: Created a comprehensive go-to-market digital marketing strategy document for a real brand.

MODULE 02 Search Engine Optimization (SEO) Mastery — 3 Weeks

- Search engine algorithms, crawling, indexing, ranking factors
- Keyword research: search intent, volume, difficulty using Semrush & Ahrefs
- On-page optimization: titles, meta tags, heading hierarchy, content optimization
- Technical SEO: site speed, schema markup, XML sitemaps, robots.txt, mobile-first index
- Off-page SEO: high-quality backlink building strategies and digital PR

Lab Milestone: Full technical SEO audit on a live website using Google Search Console and Semrush.

MODULE 03 Google Ads & Paid Search Advertising — 3 Weeks

- Google Ads account structure, campaign types, and ad auction mechanics
- Keyword match types: broad, phrase, exact, negative keywords
- Search ads copywriting, responsive search ads, ad extensions (assets)
- Smart bidding strategies: Target CPA, Target ROAS, Maximize Conversions
- Conversion tracking setup using Google Tag Manager (GTM)

Lab Milestone: Built, launched, and optimized a live Google Search Ads campaign with budget allocation.

MODULE 04 Meta Ads (Facebook & Instagram) & Paid Social

2 Weeks

- Meta Business Suite setup, Ad Account, and Meta Pixel installation
- Ad creative best practices: static, carousel, video, and reels formats
- E-commerce catalog ads and lead generation forms
- Audience targeting: Core audiences, Custom Audiences, Lookalikes
- A/B split testing creatives, copy, and landing pages to reduce CPL/CPA

Lab Milestone: Engineered high-converting Meta lead generation ads campaign targeting lookalike audiences.

MODULE 05 GA4 Analytics, Reporting & Performance Optimization

2 Weeks

- Google Analytics 4 (GA4) setup, event-based data model, dimensions & metrics
- Building executive performance dashboards in Looker Studio
- Resume building, digital portfolio review, and placement interview prep
- Conversion funnel analysis and user path exploration
- Multi-channel attribution modeling and campaign ROI calculation

Lab Milestone: Built an interactive executive Looker Studio performance dashboard tracking ROAS and CAC.

3. REAL-WORLD PORTFOLIO PROJECTS

End-to-End Omnichannel Lead Generation Campaign

Planned and executed an integrated campaign combining paid Google Search ads, Meta retargeting, and dedicated landing pages resulting in verified low-cost conversions.

Complete Enterprise SEO Audit & Growth Roadmap

Analyzed an existing business website, fixed technical crawl errors, optimized on-page search elements, and built an organic content calendar.

AUTHORIZED INDUSTRY CERTIFICATION & CAREER SUPPORT

Graduates receive a verified credential shareable on LinkedIn, plus complete resume review, mock interviews, and corporate referrals.
